Product Overview

Built for modern hybrid professionals.

Why Choose Aura Smart Headset V2?

- Designed for Focus
- Combines Neural ANC 3.0 with custom 40mm drivers.
- Unmatched audio performance for hybrid work.

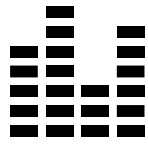

Image generated by Nano Banana 2.

Key Innovations

Neural ANC

-42dB real-time
noise cancellation.

Acoustics

40mm Beryllium
crisp audio drivers.

Multi-Point

Seamless PC &
mobile switching.

Performance Benchmark

Active Noise Reduction

-42dB

Unmatched Silence

- Cancels chatter instantly.
- Up to 40 hours playback.

Technical Specifications

Feature	Specification	Benefit
Drivers	40mm Beryllium	Low distortion
Active ANC	NNC 3.0 (-42dB)	Total silence
Battery	40 Hours (ANC On)	All-week stamina

Competitive Comparison
